Aalimah Course

Introduction

Our Prophet (Peace be upon him) has favoured us greatly by conveying the message of Allah Almighty and fulfilling his obligation by guiding this Ummah. He then Left the Ummah with two guidelines: Qur'an and his Sunnah.

The Ulama being the heirs of the prophet have under taken the responsibility and continued to endure this important task. Since the Shariah, the Law of Allah, is encompassing of all the facets of our daily Life, they should therefore also be our guides in all aspects of Life. The more equipped they are the stronger this Ummah will be. It is due to this, the preservation and dissemination of this Legacy that gives rise to the establishment of many Islamic institutes.

The community in Waltham forest was in need of an organisation that can provide a comprehensive and extensive understanding of Islam. In response to this, Noor UI Islam provided the platform to kindle the beacon of knowledge through the Mercy of Allah Almighty.

Noor UI Islam Aalimiyyah department was established in 2004 for women aged 16 and over. Alhumdulillah, with 79 graduates till date and Insha Allaah many more to come in the future. It has attracted many students from far and wide and it's perfect for those who want to study at an advanced level.

We want all the Muslim women who study at Noor UI Islam to have high self-esteem and confidence to play a positive and inclusive role in their communities, to be good Muslimas and exemplary citizens.

The Noor UI Islam masjid is going through a major rebuilding process. The masjid and centre will be over four floors with the top floor dedicated for sisters only. This is where the 'Aalimiyyah department will have many classrooms insha Allaah.

Our Vision

***To have a generation of scholars who are able to Lead the Muslim community in the Light of the shariah in each and every aspect of Life.**

***To ensure that they incorporate, within themselves, the values and practices of the Prophet (peace be upon him) and those of the great Leaders who succeeded him (may Allaah be pleased with them).**

Through this, those shared values and esteemed qualities will be seen to survive the passage of time and, in turn, be active/ existent in our Lives today.

Aims and Objectives

Our objective is to equip students to become firmly grounded in their religion and to ensure that they are able to cater for the needs of the community by creating such an enhanced Learning environment where a student feels confident enough to study independently and pass on this knowledge. As a result, they can go on to serve as role models and professional scholars for the generation to come. We want all the Muslim women who study at Noor UI Islam to have high self-esteem and confidence to play a positive and inclusive role in their communities, to be good Muslimas and exemplary citizens.

About the course

The 5-Year 'Aalimiyyah course offered by Noor UI Islam is a multi-disciplinary course covering the Islamic Sciences to develop a sound understanding of Islamic law and theology supported by a full command in the Arabic language. The course has been carefully designed and structured to give a thorough and deep understanding of the Arabic language and Islamic sciences.

The course also maintains the traditional system of Ijazah upon graduation, which is permission from the teacher to the students to transmit knowledge. Every scholar is then part of an unbroken chain of transmission leading back to the Messenger of Allah '(Peace and blessings be upon him).

It will equip students with thorough knowledge of the Qur'an and Sunnah, a deep understanding of the juristic laws governing a Muslim's Life, and great appreciation of the works of our pious predecessors, providing students with motivation to excel similarly in the field of knowledge.
