CTV National News reports on the Muslim Association of Canada filing a Charter challenge against the Canada Revenue Agency and speaks with Chairman Dr Nabil Sultan, ICLMG's National Coordinator Tim McSorley, Human Concern International and MAC's lawyer from McCarthy Tétrault. The experience documented by MAC closely reflects what we at the ICLMG found in our report on the systemic Islamophobia in the Canadian government's surveillance and auditing of Muslim-led charities, particularly in the pursuit of countering terrorism financing: <https://iclmg.ca/prejudiced-audits/> More info at <https://www.ctvnews.ca/politics/muslim-charity-seeks-court-shutdown-of-federal-audit-alleging-systemic-islamophobia-1.5859944>
